

Goopter's Mission

Our mission is to help small businesses gain more customers, reduce operational costs and increase sales.

Goopter's eCommerce platform makes it possible for businesses to create a mobile friendly online store with minimal effort and investment.

Increase profits with seamless digital ordering for your business.

- Supports: dine-in, pick-up, delivery.
- Works on PC, mobile and tablet devices.
- Compatible with browser, WeChat & social media platforms (Facebook, Instagram, TikTok, etc).
- Integrates with your existing printers for automatic order printing.
- 6+ years of R&D with multi-million dollar investments. High Quality, Low-cost Service Fee & Risk-Free!

Enhance The Dining Experience with Delivery Robots

BellaBot

- Cute & intelligent delivery and service robot.
- AI voice functionality to interact with guests.
- 3D Obstacle avoidance.

PromoBot & PuduBot

- Powerful and efficient food delivery robots.
- 30-40kg carrying capacity.
- Customizable trays to carry any type of item.

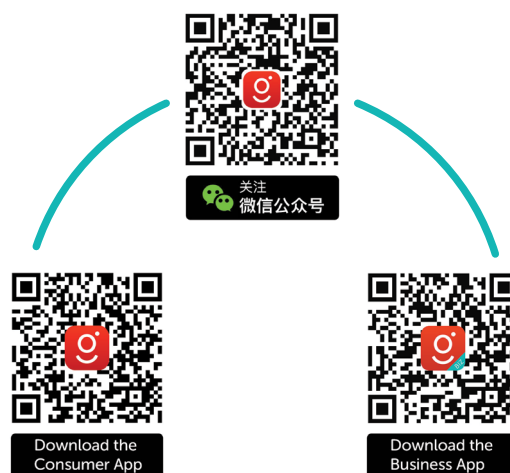

Robots work 24/7 & reduces labour costs by 70%+
